Corporate Membership Corporate Social Responsibility + High Level Networking = Rotary

The scale and nature of many of the community projects undertaken by the Rotary Club of Brisbane and overseas – provides a natural synergy for Rotary and corporate members. Progressive businesses recognise that community engagement is fundamental to developing links with stakeholders and widening the experience of management. The tricky part is aligning the management team with projects that are worthy of their skills and where, with the limited time available, they may make a real difference. With that in mind, the Rotary Club of Brisbane is looking to foster greater links with Brisbane CBD business by developing corporate membership to satisfy this need.

The benefits of Rotary Club of Brisbane Corporate Membership include:

Wider community engagement and recognition.
Corporate social responsibility projects
Flexible participation – nominated members may change as business demands
Leadership development
Networking – attendance at Rotary meetings, social events and project team meetings
Opportunity to visit other Rotary clubs worldwide when travelling and develop international networks of business leaders in partner countries.

The Rotary Club of Brisbane has an impressive history of getting things done and improving lives through dedicated community service. We have a wide range of projects and programmes in progress. We can also offer the opportunity to set up a project that your business can drive and build a real sense of corporate social responsibility for your team, with the support of an organisation that has the community links and know how.

Corporate Membership Package

The Rotary Club of Brisbane Corporate Membership package includes one primary member and three additional nominated members. All four members can invite guests to Rotary Club of Brisbane events and lunches with high profile speakers. All four members will have access to management training, mentoring and development.
