## **Brew Buddy Program**

As you all are likely aware, there must always be at least two individuals present for all Z-Club activities, and one must assume the responsibilities of Monitor.

Since the timing and duration of a brew session may well encounter difficulties in securing Monitor resources for all occasions we Z-Club Brewers will need to help each other out. If we all participate the load on any one person, or group of individuals, will be manageable. Please consider signing up as a brewing buddy.

### BREW BUDDY SIGN-UP

Please add my name to the list of brewing buddies. By signing up, I agree to be a candidate that my fellow Z-Club Brewers may contact to request my attendance when in need of a second party to be present on brew day at the Z-Club Patio.
