President's Remarks

November 22nd marks the sixteenth anniversary of the founding of the Rotary Club of Wellington. When I ask our charter members what motivated them to create a new Rotary club in Wellington, the answer is relatively nonchalant, that it was to form a club for fellowship as well as to do some good in the community. There were no grand plans or burning platforms to address, it just was a good thing to do at the time.

Well, as small acorns grow into big oak trees, the Wellington Rotary Club today is a formidable group of honest, fair and charitable community members, who have put into practice our Service Above Self motto.

We raise a substantial amount of funds through our personal donations and by volunteering our time and energy. Our activities benefit charitable causes for the good of our local and global community, while at the same time building fellowship and sense of belonging within the club.

We have become a pillar of our small village. People in the community come to us for help, but they also come to us when they want to be part of a group that provides help. For example, this week, the Midtown Brewery donated \$1875 to the Club from proceeds of their Art Show held during Water Week last August, so that we may use these funds for improvements to the Wellington Beach or for other water related projects. Well done, Wellington Rotary! Happy Anniversary.
