Vocational Service is one of Rotary's Avenues of Service. Vocational Service calls every Rotarian to:

- *Aspire to high ethical standards in their occupation;*
- *Recognize the worthiness of all useful occupations, and;*
- *Contribute their vocational talents to the problems and needs of society.*

Rotarians, clubs, and districts should implement the following strategies in their support of Vocational Service:

- *Strengthen the emphasis on vocation and classification in new member recruitment and induction.*
- *Identify means of emphasizing vocation in club activities.*
- *Create a stronger emphasis on business networking with integrity in Rotary at the club and district level.*
- *Focus more attention on business networking with integrity as a means of attracting and mentoring the new generation.*
- *Emphasize the connection between the Four Way Test and the Rotary Code of Conduct (formerly called: Declaration of Rotarians in Business and Professions) and their importance to the values of Rotary.*

When professionals join a Rotary club, they do so as a representative of their classification – their particular business or profession.

Rotarians have the dual responsibility of representing their vocation within the club and exemplifying the ideals of Rotary within the workplace.

One of the central goals of Vocational Service is to promote and advance Rotary's high ethical standards. Two useful tools Rotarians have to assess these standards are **The Four-Way Test** and **The Rotary Code of Conduct**.

Rotary Club of New Providence Christmas with The Penn/Pratt Co. Ed. Unit

An amazing, fulfilling and rewarding day spent at the "Penn Pratt Co Ed School" located at the Simpson Penn School for Boys on December 9th, 2017. RCNP members engaged a group of young men in the old school arts of making sling shots, riding the wooden scooter, the buggy cart and flying kite.

The day begun with devotions and members of RCNP speaking with the boys about Christmas, Careers, Our Choices and Life Lessons. Followed by a tutorial on making a sling shot with household items. The day ended with various board game competitions between the boys and RCNP members.

The call for lunch was an awesome spread of delicious ham, turkey, chicken wings, peas n rice, macaroni, corn, salad, chips, drinks, baggy and salty. Those youngsters could surely put it down! Then that time of the evening came to say goodbye, RCNP presented them with Christmas gifts. We the members of the Rotary Club of New Providence have shown our commitment to partnering with the Co-Ed Institutions for the past three years and we plan to continue this holistic approach to on-going service projects, modernizing the Libraries and most importantly to mentor our youngsters so that they may have a productive return to society.

Awesome day in Rotary!!!

The Rotary Leadership Institute (RLI) is a multi-district, grassroots leadership development program of member districts organized into regional divisions in various parts of the world.

RLI is not an official program of Rotary International and is not under its control.

RLI seeks to have Rotary Clubs in its member districts identify those Rotarians who appear to have the potential for future club leadership (not necessarily as club presidents) and provide those so identified with a quality education in Rotary knowledge and leadership skills so important in voluntary organizations.
