

Rotary's World Understanding, Peace and Conflict Prevention/Resolution Month

"The way to war is a well-paved highway and the way to peace is still a wilderness." Paul P. Harris from a recorded interview in Tuskegee, Alabama, USA in 1945.

The Rotary Foundation enables Rotarians to promote the practice of peace and conflict prevention/ resolution by:

1. **Training leaders, including potential youth leaders, to prevent and mediate conflict;**
2. **Supporting peace-building in communities and regions affected by conflict.**
3. **Supporting studies for career-minded professionals related to peace and conflict prevention/resolution.**

Rotary Peace Fellows are leaders promoting national and international cooperation, peace, and the successful resolution of conflict throughout their lives, in their careers, and through service activities. Fellows can earn either a master's degree in international relations, public administration, sustainable development, peace studies, conflict resolution, or a related field, or a professional development certificate in peace and conflict resolution.

Fellows are chosen from countries and cultures around the globe based on their ability to have a significant, positive impact on world peace and conflict resolution during their careers.

In 2013 - 2014, The Peace and Conflict Resolution Sub-Committee of District 7020, conveniently shares the same chairman as the Peace Fellowships Sub-Committee. In addition to actively seeking applicants for the very valuable Peace Fellowships, our committee is anxious to hear from clubs regarding dangerous conflicts such as gang or violent political rivalry, in their respective communities. We would like to be advised of any strategies being pursued by clubs to deal with these issues and will be anxious to work with you in sourcing or providing non-financial resources to assist the process.

Conflict and violence displace millions of people each year. Half of those killed in conflict are children, and 90 percent are civilians.

We refuse to accept conflict as a way of life. Rotary projects provide training that fosters understanding and provides communities with the skills to resolve conflicts.
