Winemakers' Cookoff A Smashing Success!

The 18th annual Winemakers' Cookoff was truly outstanding with 20 different wineries and breweries serving up what the judges viewed as the best-ever combination of food and beverages for attendees. Corporate & wine barrel sponsorships as well as full price ticket sales were at all-time highs enabling generous future funding of our high school scholarship program. *A huge thank you to all those who contributed time, talent and other resources to this year's event!*

Ron De Carli, Executive Director San Luis Obispo Council of Governments (SLOCOG)

Ron De Carli is a frequent speaker at our Rotary Club, reflecting the keen interest in transportation projects and issues within our county. Ron is currently focused on upcoming ballot initiative that would impose an additional ½ cent sales tax within SLO County for 9 years. The measure is intended to help qualify SLO as a "Self Help" county. This designation would better enable the county to access state matching funds for local transportation projects. Currently, there are 20 counties statewide with this designation and 8 counties (including SLO) with ballot measures. Ron noted that if the tax increase is approved it would generate \$25 M per year for state matching transportation grants essential to move many local transportation projects forward. It is estimated that over 50% of the sales tax would be paid by non-residents and the measure has provisions to ensure local control of these funds. The measure requires a 2/3 approval by voters to pass. The measure also calls for the delivery of a Transportation Investment Plan to inform stakeholders of the various projects to be funded.
