## Capital Development

In February 2019, Minister of Health Christine Elliott visited HDS to announce a forthcoming \$500,000 planning grant to facilitate development of a submission to the Ministry for construction of building(s) to accommodate an additional 62 rehabilitation beds at HDS.

Since receipt, the grant has been used to retain a number of consultants who specialize in different components of the new build proposal. HDS staff have worked closely with the Project Lead and with the Capital Branch at the Ministry of Health to help ensure that the Stage 1A and 1B has been completed, reviewed and submitted in summer 2020. We are expecting to hear about approval in the fall of 2020.

## Capital Investment

In late fall of 2019, MPP Sam Oosteroff visited HDS to announce a \$1.15 million investment of capital infrastructure funds to HDS. These funds have been used for some much needed improvements to the facility such as a new security system, wheelchair accessible ramp and other maintenance.

### **MISSION:**

**Hotel Dieu Shaver Foundation raises and manages funds for patient-care equipment, education, specialty clinics, and improvements to treatment areas to support exemplary patient care at Hotel Dieu Shaver Health and Rehabilitation Centre.**

# Ways We Fundraise

## SIGNATURE EVENTS

# Meet Our Donors

Donors play an important role in the health care provided in our communities. HDS Foundation relies on the generosity of the community to help meet the needs of patients at Hotel Dieu Shaver since funding from the government does not support the purchase of capital equipment.

In 2010, Jack Sinke, a grateful patient at Hotel Dieu Shaver who had suffered a stroke and wanted to find a way to give back, started an organization called United For Others (UFO).

Mr. Sinke, with the help of a local recycler, collects the batteries and directs the proceeds to support HDS and Community Care - St. Catharines & Thorold.

To date, over \$75,000 has been raised!

As a way to remember her husband, John Tutecky, Helen Tutecky made a generous donation in 2019, purchasing a wound therapy machine for our patients at HDS.

The Saranchuk family made a \$25,000 gift, naming the main boardroom – the W.M (Bill) Saranchuk Boardroom – in memory of their loving brother and uncle.
