

ROTARY CLUB OF FONTHILL

DIRECTOR REPORTS

August 05, 2020

Community Service – Roy

No report

Vocational Service – Heather

No Report

Club Service – Mel

No report

Rotary Foundation – Annie

Club goals for Foundation and Polio Plus have been set and entered into RI Club Central

Membership – Bob

We have been most fortunate in maintaining a consistent level of membership in the Rotary Club of Fonthill during the 2019/2020 Rotary Year. We ended the year with 31 members and opened the new year with 29.

Our one Corporate membership is in transition, as former members left the club due to changes in their employment, however the new corporate representatives will be inducted in the club by the District Governor during his club visit.

We also welcomed one former member with an “honorary membership”.

Public Relations – Dave

Our Club is coordinating with the District 7090 Public Image committee to support priorities as presented by DG Frank and shared across all Clubs in the District. The primary objective of the District 7090 Public Image committee will be to plan and implement strategies to assist clubs in growing membership, and to support District projects such as the Dr. Ron Mergl Memorial Ride for Polio Plus. DG Frank is encouraging all clubs to designate a PR/PI Chair that can coordinate with the committee on common strategies. The committee will be reaching out to all club PR/PI Chairs in the near future.

Youth Services – Troy

No report

Youth Exchange – Meghan

YE programs on hiatus due to Covid-19 pandemic. Mike will be assisting Meghan on this committee. Youth who were selected for 2020 will be deferred to 2021 subject to eligibility and availability.

FunFest 2021

Full Report for DG Frank attached. We hope to finalize a date with Bissell's early in the fall once they have had a chance to assess their summer. A target date will be Fathers Day weekend, Saturday June 19th, 2021. (Frank usually has other plans for this weekend so any feedback would be important! Thx)

Note: We'll need more help this year on the committee. Paul Allen's new role in the real world will limit his involvement this year. Let's discuss soon who might be good candidates to join our team.

Grants Committee – Mel

We are waiting for District approval for \$2500 CDN match to purchase a horse drawn lawn mower for I-CANTER. We expect approval mid fall and will have grass cutting ready in the spring. We are also planning to participate in 10 club cluster global grant at a cost of \$1000US.

Club Goals – Rotary Club Central

Club goals for 2020-21 have been entered into Rotary Club Central. A Monthly progress report will be included here.
