

Inspiring Teens

*Developing leaders for a better
world*

*A 3-month action-learning
leadership program for teens
who care deeply about the
social, environmental and
economic issues affecting us
globally and locally.
Who are motivated to develop
the leadership skills to make a
positive difference!*

Developing young leaders to
feel CLEAR about their future.

Able to embrace **C**hallenges,
as a **L**eadership to **E**ngage with
the community, take **A**ction,
and deliver **R**esults, as well as
Reflect on the lessons learned
along the journey.

The program follows the C.L.E.A.R. Leadership Framework

- Examine global challenges through the United Nations Sustainable Development Goals
- Understand Self, Team and Community Leadership
- Engage with community organisations
- Work on projects in teams to solve real problems = social change in action
- Present results at the Graduation Ceremony

Leadership in Action

Teens work in teams on projects to solve a real problem for a local Non-Profit Organisation

Project-Based Learning Process

1. Form a Team
2. Pick a Project
3. Work on project with support from Mentor
4. Presentation of results
5. Future leadership opportunities- become a Mentor creating ongoing legacy with Alumni

Teens will leave the program:

- Prepared to tackle challenges
- Able to solve problems
- Able to work effectively in teams
- Ready to make a difference
- Have increased self confidence, a clearer sense of self & future purpose
- Gain real-world experience which provides the competitive advantage when applying for scholarships, internships and jobs!

"(The program) helped me develop my skills in leadership and teamwork, as well as given me a greater understanding of the world around me, and how we are all able to make a difference. In addition, it has greatly helped me improve my confidence and skills in communication, which have been beneficial in interviews/applications" (TS)
