The World's Toughest Canoe Race - Adam Keller & Philip Athey

Philip Athey and Adam Keller are friends and business partners at Atlas Wealth Advisors in Dallas. These family men did the normal things family men do in our area until one day they got interested in participating in the Texas Water Safari – a canoe race billed as "the world's toughest."

Keller earned his BBA in International Business from the University of Texas at Austin with a minor in Spanish. For the year immediately following graduation, he worked overseas creating investment guides on developing countries

(Turkey, Romania, and Azerbaijan). In January 2005, he began his career as a financial advisor, and since then has obtained the Certified Financial Planner and Accredited Estate Planner designations, and he has been a recipient of the Fiver Star Wealth Manager award in multiple years.

He lives in Murphy with his wife, Lori, and his two daughters, Leah and Ansley. Adam is a strong advocate for Leadership Richardson and he has enjoyed leading successful fund-raising efforts locally for Carry the Load and the Richardson Symphony Orchestra.

Athey received his BBA in Marketing from Texas Tech University before starting his advisory practice in 2004. He has continued to further his education and holds his Charted Retirement Planning Counselor and Certified Financial Planner designations. Athey has been selected as a Five Star Wealth Manager for 2013 and 2014.

He is a sports enthusiast and enjoys everything related to Texas Tech. He spends much of his time outdoors whether that be golfing, coaching his son's soccer team, working in his yard, or canoeing. Athey lives in Richardson with his wife Jenny and three children Avery, Andrew, and Ellie. He is in Class XXXI of Leadership Richardson.

The World Health Organization (WHO) announced on September 25 that Nigeria is now polio-free and has been officially removed from the list of countries where polio is endemic. It has been 14 months since any cases of polio caused by the wild virus have been detected there.

With Nigeria's historic achievement, polio remains endemic in only two countries: Afghanistan and Pakistan. That means transmission of the virus has never been stopped there.

Nigeria was the last country in Africa where polio was endemic. The continent celebrated its own first full year without the disease on August 11. Once three years have passed without a case in WHO's entire African region, officials will certify polio eradicated there.

"Rotary congratulates Nigeria on its tremendous accomplishment in stopping polio," says RI President K.R. Ravindran. "On behalf of the entire Global Polio Eradication Initiative (GPEI), we thank volunteers, health workers, and parents in communities across Nigeria for their tireless commitment to ensuring every last child is protected against this devastating disease. In the months ahead, their dedication will remain as important as ever, as we work to keep Nigeria polio-free and to eliminate polio from its final strongholds in Pakistan and Afghanistan."

Nigeria's success is the result of several sustained efforts, including domestic and international financing, the commitment of thousands of health workers, and new strategies that reached children who had not previously been immunized because of a lack of security in the country's northern states.

The GPEI's Polio Oversight Board also concluded that \$1.5 billion in new funding is needed to help Rotary and its partners end polio in the next few years. Spending will focus on the most vulnerable children in Afghanistan and Pakistan, while continuing to shield millions of children already living in polio-free countries.

"With a fully funded program and global commitment to ending this disease, we have the opportunity to interrupt transmission of the wild poliovirus in Pakistan and Afghanistan in 2016, opening the door for certification of a global eradication in 2019," says Michael K. McGovern, chair of Rotary's International PolioPlus Committee.
