

Rotary International - District 7030

DG NEWSLETTER

ISSUE: OCTOBER - NOVEMBER 2014

October - Vocation Month and November - Foundation Month

Dear Fellow Rotarians,

Please find the October-November newsletter. We have celebrated VOCATIONAL month in October, to remind us that Rotary was started by Paul Harris and his friends as a vocational organization. We are not only feeding our community the fish, but we teaching them how to fish as well. With our professional skills and knowledge we are teaching the needy ones how to put up sustainable projects so they can help themselves.

November = Rotary Foundation Month. When asking Rotarians what The Rotary Foundation means to them, often they will say: The Rotary Foundation is the backbone and lifeline of our (big) community projects. The Rotary Foundation is our bank

and we need to ensure that this bank will be able to finance our projects. But the Rotary Foundation is like anything else; *"nothing in, nothing out"* So if we want TRF to support our projects we have to make sure to feed the bank as well. So I am encouraging you to keep on contributing and how to give to TRF by visiting www.rotary.org/give

The coming period every-one will be preparing for the busy holiday seasons. Have a splendid time with your club and family as you will

celebrate Christmas or otherwise, have some good FUN, FOOD and FELLOWSHIP. As you will do so please don't forget about those in need and those for who we are working as Rotarians in this world.

*Warmest Greetings
DG Elwin Atmodimedjo &
Spouse Maureene*

"We are on track to achieve full eradication by 2018 – if we can keep up the momentum that has brought us this far".

Jonas Salk chose not to patent his 1955 polio vaccine, making it more affordable for the millions of people who needed it.

As a result, he missed out on earning an estimated US\$ 7 billion.

*Thank you, Dr Salk
(1914—1995)*

RI Presidential Message - October

In October 1914, Jonas Salk was born – a man who would change world history by inventing the first effective vaccine against polio. When the vaccine was introduced in the United States in the 1950s, polls indicated that polio was one of the nation's two greatest fears, second only to the fear of atomic war. And with good reason: In the 1952 U.S. polio epidemic, 58,000 cases were reported, with 3,145 deaths and 21,269 instances of permanent, disabling paralysis. Globally, polio paralyzed or killed up to half a million people every year.

Soon after the Salk vaccine was created, Albert Sabin developed an oral version, allowing tremendous numbers of children to be immunized quickly, safely, and inexpensively. In 1985, Rotary's PolioPlus program was born, with a simple goal: to immunize every child under age five against this crippling disease. Thanks in large part to the initial success of PolioPlus, in 1988 the 166 member states of the World Health Assembly unanimously set the goal of global polio eradication.

At the time, the idea was breathtakingly ambitious, and many called it impossible. Today, we are closer to this goal than ever before, with only a few hundred cases of polio reported per year, and just three remaining

We are on track to achieve full eradication by 2018 – if we can keep up the momentum that has brought us this far.

And this month, we will mark World Polio Day on 24 October, and celebrate the 100th anniversary of Dr. Salk's birth.

I ask you all to Light Up Rotary this month by doing whatever you can to shine a spotlight on our efforts to eradicate polio. Call your government officials and let them know that polio eradication matters to you. Go to endpolionow.org for inspiring stories about Rotary's work, and share them on social media. And make the best investment you'll ever make, by donating to polio eradication right on the endpolionow.org website and earning a two-to-one match on your contribution from the Bill & Melinda Gates Foundation.

When we eradicate polio – and we will – we'll have brought the world into a better future, and Rotary into a better future as well. We will have proved ourselves, as an organization, capable of great things. And we will have given our children and grandchildren a gift that will endure forever: a polio-free world.

*GARY C.K. HUANG
President 2014-15*

Rotary

END POLIO NOW: MAKE HISTORY TODAY

Rotary's Livestream Event

World Polio Day | 24 October 2014
6:30 p.m. CST

Join us!

#worldpolioday | endpolio.org

On October 24th, 2014 we have marked WORLD POLIO DAY. We have all been enjoying the live stream on the Web and heard wonderful news about the eradication of Polio. But still need a lot of work to do to end Polio in this world. We are this close! As RI President Gary Huang has outlined the importance of this day in his October President Message, I am also inviting you too to give some exposure on the work that Rotary has been doing to eradicate Polio and make this world Polio free.

For example you can do this by:

- * **Placing an Ad in the local newspapers on Rotary and End Polio Now**
- * **Have a short video on Television**
- * **Projecting the END POLIO NOW logo on your Company building or any other signature building in your country (Government building?)**
- * **Expose a huge banner with the END POLIO NOW logo**

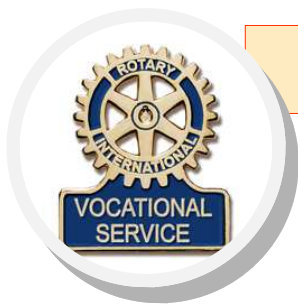

So please join me in exposing the good that we are doing in eradicating Polio from this world. Show the world how proud we are of being a Rotarian.

His Excellency Mr. Elliott Belgrave, Governor General of Barbados and District Governor Elwin Atmodimedjo support the "End Polio" project.

His Excellency Mr. Charles Savorin, President of Dominica (in the middle), the Rotary clubs of Dominica, DG Elwin and spouse also support the "End Polio" Rotary project.

OCTOBER - VOCATIONAL MONTH

What is vocational service? If you are an active, engaged Rotarian, you probably view vocational service as a way of life, even if you find it diffi-

cult to articulate a clear definition. We can help you gain a better understanding of vocational service and equip you with ideas to help you practice it through your club activities and in your career.

The concept of vocational service

The Object of Rotary is a philosophical statement of Rotary's purpose and the responsibilities of Rotarians. The concept of vocational service is rooted in the Second Object, which calls on Rotarians to "encourage and foster":

- * *High ethical standards in business and professions;*
- * *The recognition of the worthiness of all useful occupations;*
- * *The dignifying of each Rotarian's occupation as an opportunity to serve society.*

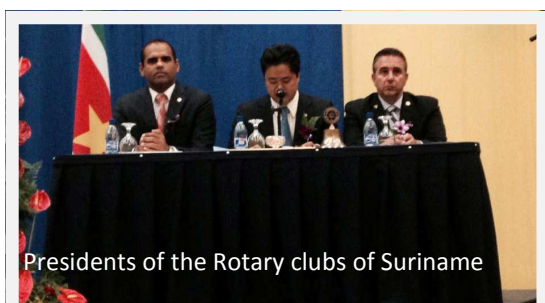

As a Rotarian, how can you put these ideals into action?

Consider these suggestions:

- * *Talk about your vocation in your club, and take time to learn about fellow members' vocations.*
- * *Use your professional skills to serve a community.*
- * *Practice your profession with integrity, and inspire others to behave ethically through your own words and actions.*
- * *Help a young person achieve his or her career aspirations.*
- * *Guide and encourage others in their professional development.*

If you do any of these things, you are performing vocational service. And if vocational service motivates and energizes you, then you're in the right place, because vocational service is the very essence of Rotary. It is what sets Rotary apart from other service organizations.

Rotary Vocational Excellence Award Suriname 2014

Presidents of the Rotary clubs of Suriname

On Tuesday October 21st 2014, the Rotary Clubs of Suriname had their annual RVEA night (Rotary Vocational Excellence Award). It was a very classy evening. The Rotary Clubs had nominated Mr. Orlando Renfrum, 80 years old, for his lifelong contribution in developing sports facilities in the neighborhoods, guiding children and young sport men and sport women in their career, set out policies for the government to have better sport facilities and accommodations, guiding school drop-outs, etc. A true hero.

Mr. Orlando Renfrum
receiving the Vocational
Excellence Award 2014

www.rotary.org for the
latest information on
Rotary.

PRESIDENT's MEET in Trinidad & Tobago

From October 10-12 of October 2014, we had a very fruitful PRESIDENT's MEET of all the clubs in D7030. The purpose was to have discussions with the clubs on how to setup a permanent District Training Team (DTT) and have their input on this subject. The district Governor gave an update on the District administration and RI news, also he presented his budget for 2014-2015. Contribution were also done by:

- * DGE Milton Inniss on Membership development and D7030 membership strategic planning
- * DRFC and PDG Cees Dilweg update on The Rotary Foundation and District 7030
- * District Trainer IPDG Herve Honore presentation on the District Training Plan.

We had very good round table discussions involving everyone from every club. And we had a very good spirit and vibe during the day. The outcome of the roundtable discussion will be compiled in a separate document and send out to the clubs as well as a concept resolution adopted by all present to be voted on during the District Conference. The resolution is to formalize the District Training Team as official part and body of Rotary District 7030.

*An impression
during the training*

REACTION FROM ATTENDEE

Dear DG Elwin:

I really must commend you and your team for a GREAT President's Meet. It was my first such meeting so I really cannot compare it to others in the past but from what I experienced it was EXCELLENT! The atmosphere among the Rotarians and the sharing of ideas, experiences and advice was really beneficial to me and I'm sure to other presidents there as well.

So again congrats and I know this meeting will propel us in the right direction in District 7030. I can't wait to share my report from the meeting with my members at our meeting Wednesday.

CHEERS!

*Yours in Rotary service,
Rotary Club of Liamuiga
President Marcus L. Natta, Ph.D.*

GOVERNOR NOMINATION FORM

By Now every Club have received the Governor Nomination form for 2017-2018. Don't forget to send your nomination by or before January 5, 2015.

Please keep in mind when nominating a candidate to comply with the RI rules.

For example:

"A fundamental principle of Rotary is that the best qualified candidate should be selected for service in elective offices."

The RI Bylaws prohibit any effort by a candidate, a candidate's supporter, or any Rotarian to influence the selection process in a positive or negative manner, including but not limited to, campaigning or canvassing. The RI Board developed these guidelines to assist Rotarians in better understanding election procedures:

For All Rotarians

Review and comply with RI's election guidelines as explained in the following documents:

- * RI Bylaws: Articles 10, 12 and 13
- * Rotary Code of Policies: Sections 17.040, 19.030, and 26.100

(Note: You will find the above documents on www.Rotary.org at Learning & Reference & Governance Documents.)

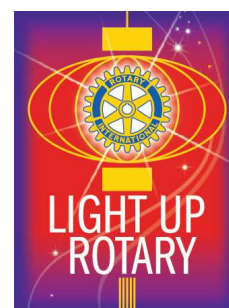

Avoid any actions designed to gain visibility, publicize candidate names and achievements, or give anyone an unfair advantage over someone else.

For Candidates

Immediately express disapproval in writing of any campaigning activities undertaken on your behalf and ask for the actions to cease.

Do not respond in a similar manner to another candidate's improper activities.

Do not communicate with or visit clubs involved in the election, except to fulfill necessary functions. If there are any concerns that a current assignment or a new assignment may give an appearance of campaigning, consult with the district governor. Routine performance of assigned activities is not a violation of Rotary's election policies.

ROTARY DISTRICT 7030 CLUB VISITS OCTOBER 2014

The purpose of the visits was to introduce the DG to the Clubs, bring greetings from RI President Gary Huang, have board meetings, go through the Plans & Objectives, partnering & strengthening the clubs and visits the projects.

Most of the clubs were using the new tool Rotary Club Central to enter all their data for 2014-2015. As District Governor I worked with them to complete their data and some of the clubs were given a short course on how to enter the data. This turned out to be a very good exercise for the clubs.

All the clubs visits and board meetings were wonderful. Maureene and I were treated like Royal by each club. We have seen dedicated Rotarians at work and good projects. There was good fellowship and lots of fun and of course the food was excellent. I am looking forward to the next club visits.

In September/October we visited the clubs of Guadeloupe, Barbados and Martinique.

RI Presidential Message - November

"In Rotary, strong friendships and great service go hand in hand. When we enjoy our work, we want to do it. We want to work harder, and we want to work better".

Four months into this year of working to Light Up Rotary, I am more excited about Rotary than ever before. I've been to 22 countries, visited dozens of cities, and met thousands of Rotarians. I've seen amazing projects and been inspired over and over again by the terrific work Rotarians do all over the world. And I've been privileged to be part of all kinds of Rotary events, from club meetings to Rotary institutes, from Rotary Days to Foundation dinners.

Every event is memorable. I feel especially honored when I am invited to share in club celebrations. To me, taking part in a Rotary club celebration as Rotary International president is like being invited to a family event as an honored guest. Indeed, Rotary is the biggest family in the world.

You could say that Rotary is built of service: Each project is another brick in the big building that is Rotary. If our service forms the bricks, then there is no question that friendship is the mortar that holds those bricks together. I see this every day, but nowhere more clearly than at some of the most special Rotary club events: their centennial celebrations.

Being president of Rotary International in its 110th year, I've been lucky to take part in a number of these. It is natural, when visiting long-serving clubs, to want to know what their secret is – because I have always noticed that the longest-serving clubs are also some of the most productive. They are large, they are active, and they do great work. Not only that, but they have a great time doing it.

Of course, that is their secret: In Rotary, strong friendships and great service go hand in hand. When we enjoy our work, we want to do it. We want to work harder, and we want to work better. We look forward to Rotary meetings. Even when our lives are busy, we make Rotary a priority – because we want to see our friends, and we want to serve.

That is why Rotary is still here, after more than 109 years. In Chinese, we say:

如果人生没有朋友，就等于没有太阳。

A life without a friend is a life without sun.

Our Rotary friendships give light to our lives, and it is Rotary friendship – as well as service – that lets us Light Up Rotary.

*GARY C.K. HUANG
President 2014-15*

November is Foundation month - so kick your Fundraising into High Gear!!

Fellow Rotarians,

Foundation Month is off to a great start thanks to YOU and all of the great work that you have put into promoting our Rotary Foundation in

your clubs and communities. Keep up the good work!!

This is an ideal time to revisit your commitment to our District giving (remember the goal form you filled in at the start of the year and discussed with the DG when he visited?) and measure how close your club is to it's TRF giving objective.

Maybe you agreed to give USD 2,000 to Polio Plus or to give 2 Paul Harris Fellows this Rotary year .. whatever the goal, we are now 5 months into the year so check how the fundraising is going.

What percentage of your commitment is already in the bank?

Our goal is USD 200,000 for the District .. what will your contribution be?

PDG Lara Quentrall-Thomas PHF

TRF Fundraising

lara@regencytrinidad.com

History of the Rotary Foundation

At the 1917 convention, outgoing RI President Arch C. Klumph proposed to set up an endowment "for the purpose of doing good in the world." In 1928, it was renamed The Rotary Foundation, and it became a distinct entity within Rotary International.

Growth of the Foundation

In 1929, the Foundation made its first gift of \$500 to the International Society for Crippled Children. The organization, created by Rotarian Edgar F. "Daddy" Allen, later grew into Easter Seals.

When Rotary founder Paul Harris died in 1947, contributions began pouring in to Rotary International, and the Paul Harris Memorial Fund was created to build the Foundation.

Rotary and the United Nations

In 1945, representatives of 50 countries met in San Francisco at the United Nations Conference on International Organization to draw up the United Nations Charter. Those delegates deliberated on the basis of proposals worked out by the representatives of China, the Soviet Union, the United Kingdom and the United States at Dumbarton Oaks, United States in August-October 1944. The Charter was signed on 26 June 1945 by the representatives of the 50 countries. Poland, which was not represented at the Conference, signed it later and became one of the original 51 Member States. The United Nations officially came into existence on 24 October 1945, when the Charter had been ratified by China, France, the Soviet Union, the United Kingdom, the United States and by a majority of other signatories.

United Nations Day is celebrated on 24 October each year.

'The first meeting of the UN took place in London on the 16th January 1946, hosted by District 13 at the Caxton Hall, presided over by RI President Tom Warren, who declared it to be the 'touchstone for a gesture of international goodwill unique in the history of Rotary'.

President of RIBI, Tom Benson said 'UN is a new beginning in international co-operation to make peace; Rotary, wherever established, is pledged to the ideal of service to mankind in international affairs'

Invitation to the model United Nations

Young people between the ages of 15 and 24 represent approximately 18% of today's global population, and they are increasingly mobilising and impacting social dialogue at both the community and global levels. The capacity of each society to progress is based largely on its capacity to incorporate the contribution and responsibility of youth in building and designing its future. In addition to their imagination, energy, intellectual contributions and ability to mobilise support, young people bring unique perspectives that must be taken into account.

The Rotary Club of Central Port of Spain lives this belief through our annual signature youth event – Model United Nations (MUN) – which will be held in Trinidad from 20-22 March 2015. This innovative youth assembly brings Caribbean secondary school students together to discuss issues that impact our world, as they play the part of UN member states.

Participation in MUN teaches our young people Research and presentation skills and an awareness of global issues. Exposure to UN protocols and global perspectives ensures that our young people see the world differently. They appreciate different cultures, build tolerance of differences, and as a result, create a more open and caring society. This creates a dialogue of peace and reconciliation, reducing crime and violence, supporting both the rule of law and Rotary ideals of a peaceful world.

We extend an invitation to all Rotary Clubs in District 7030 to sponsor secondary school students to participate in this wonderful weekend of diplomacy, fellowship and nation building. If your club is interested, please contact PDG Lara Quentrall-Thomas for more details: lara@regencytrinidad.com /1.868.678.2181

DISTRICT 7030 - PETS, ASSEMBLY & CONFERENCE
SURINAME 2015
08 - 11 April - 23rd Anniversary

Get ready for the District 7030 PETS, Assembly and Conference 2015, hosted by the three Rotary Clubs of Suriname: Rotary Club of Paramaribo, Rotary Club of Paramaribo Central and Rotary Club of Paramaribo Residence.

Brasa is Surinamese for a warm hug, an embracement of people wishing each other the best. At this conference we aim to share with you the experience of a Surinamese Brasa.

Join us and Brasa the Suriname Spirit!

Due to the World Diabetes Day, Rotaract F.R.E.S.H organized on Saturday 15th of November a mini health fair in Nickerie (a district in the western part of Suriname).

DG Elwin Atmodimedjo, Mr. Antoine Elias (Managing Director of the local hospital) and the community were invited to measure their blood sugar level, weight and blood pressure for free. To stimulate a healthy life style F.R.E.S.H organized a "5km walk" for the community in the afternoon. On World Diabetes Day (14 of November) they donated gloves, bed linen and glucometer to the local hospital.
