"Rotary is fundamentally an educational process."

Paul Harris, 1946

Arizona RLA was founded by District 5510 in 2004-05 as a response to recognizing the increasing demands on Rotary leaders' time, as well as a Rotary Districts' need to find the most capable and talented Rotarians for leadership positions. This distance-learning approach to Rotary leadership development spread across Arizona in 2006-07.

Our students are select Past Club Presidents and RLI Graduates from both of Arizona's Districts. They obtain exceptional training via remote instruction, under the guidance of some of our most capable and experienced Past District Governors and other Rotarians. They work at their own pace and on their own schedules, within the guidelines of the program.
