Speakers For The Good Of Rotary

Lyn advised us that the International Committee had a successful meeting off-site last week.

Lyn recently visited Bali to gain more information about a project the Committee is considering.

She attended a meeting of the Rotary Club of Bali Tomen and was presented with their Banner, which has been added to the Club's collection.

Peter advised some 2 metre squared Tarps are still available at \$5. Another load of steel (ex Stalls) has been delivered to salvage.

Graham advised that the ABC will be featuring the River Murray water problems, from the Riverland this week and is hopeful our Forum will get some TV coverage.

Graham is also looking into the problems causing confusion at the new Roundabout.

He is waiting for a reply from the Department of Transport.

Graham, Bruce and Alan will be attending a meeting at the Mitcham Council offices on Thursday to express our interest in developing Hannaford Park as a Club 50th Anniversary project.

Neil advised that a profit of \$1400 was made at the last Bunning's BBQ. Next BBQ is on 1st June and he requires helpers, particularly for the 12.00 – 2.00pm and 2.00 – 5.00pm shifts.

Neil also said he found a sleeveless Lancia jacket left after the BBQ, - no claimants yet.

Garry needs another volunteer for the next Mitsubishi BBQ on 31st May.

Sergeant's Spot

Alan

stood in for Terry who is scrounging for opals at Coober Pedy. Alan did his own scrounging from members.

Heads and Tails won by Alan

Guest Speaker

Bruce introduced Wendy and Naomi from Estia Health to speak to us on aged care.

Your editor may be a prospective client, because of the background noise and no PA, I found it almost impossible to hear the speakers.

The report on their talk will therefore be brief.

Wendy advised that at Estia Health everything they do is guided by their purpose to be one family where everyone belongs. They are proud of the unique personalities within every one of their aged care homes. They provide quality aged care that is welcoming innovative and collaborative.

Entering aged care is a daunting task and Estia's aim is to make this process as easy as possible.

Estia Homes offer the full range of care services, from providing comfortable semi-independent living, to specific and comprehensive care for those with memory or cognitive needs.

To get the ball rolling an age care assessment which is provided free of charge by an Aged Care Assessment Team (ACAT) must be undertaken. This assessment is used as the starting point to put together an independent care plan

Estia is a public company.

For further information peruse the Estia Health website.

Closure

Bruce in closing, thanked Wendy and Naomi for the information they provided and gave each of them a small gift.

Bruce reminded us of the Community Forum next Tuesday and Michael gave us a brief resume of the meeting format.
