PRESIDENT'S REPORT. Andrew Scott

I feel it has been a momentous year both for the Rotary Club of Mount Barker (RCMB) and for myself. I was initially daunted by the thought of leading the RCMB through the year having only been a member for 17 months and still needing to experience and learn about Rotary. I am grateful for the encouragement and support of members of the RCMB and for the truly enriching year that I had because of the altruistic endeavours of the volunteers in our club who freely give their time, efforts and skills to give back to our community both locally and globally.

I had a vision when I made my speech at the Changeover dinner on 21st June 2026. I stated that I felt that we needed to get the RCMB noticed in our local community. We miss an opportunity to grow our club by not "marketing" ourselves locally. Whether that means taking on more local projects or becoming involved with other local community organisations or even just wearing our Rotary shirts around town as this might be a conversation starter with people we meet in our daily activities. The RCMB undertook what I hope to become our "Signature" Project when we agreed to be the naming right sponsor of the inaugural Rotary Mount Barker Gift held on 2nd November at Cornerstone College. The RCMB will continue to foster this relationship with the South Australian Athletics League and Mount Barker Little Athletics as the sponsor of the 2027 Rotary Mount Barker Gift which will be held at the Summit Sports Centre. Another local community event that the RCMB rekindled it's involvement in was the Mount Barker Show. We will continue to have a strong presence at the Royal Adelaide Show but it was heartening to once again see our club be present at our local show. The Community Services Committee did a fantastic job getting us ready and setup at short notice due to a late response to our application to attend and some negotiation with the Mount Barker Show Organising Committee about our actual role at the Show. The plan is to next year have 2 locations at the show, one selling donuts and the second as an information and promotional booth about Rotary.

In the interests of fostering relationships with fellow community organisations I have attended meetings of neighbouring Rotary Clubs including Mobilong, Murray Bridge, Stirling and Blakiston/Nairne. I have also been to meetings of the Zonta Club of the Adelaide Hills and the Zonta Club of Mount Barker. I attended the 50th Anniversary Celebration of the Lions Club of Mount Barker as the President of RCMB.
We have continued to be involved in other local events such as the RSL's Anzac Day Gunfire Breakfast, Hungry No More, Conquer The Summit, Lobethal Lights, and The Clara Serena Scholarship. We have supported events put on by the Mount Barker District Council such as Hit Different, Who We Are, the opening of the Stephen Street refurbishment, and the Australia Day Citizenship Awards (although this was cancelled due to heatwave conditions).

2026 was also marked by a diverse range of guest speakers at our bi-weekly dinner meetings ably supported by a member of the club highlighting Rotary projects or causes in the 5-minute Rotary Spotlight. Thank you to the Club Administration Committee for organising this.

The club has had a successful year because of our hard-working member base with a committed troupe of friends and supporters who together just get the job done effectively and efficiently while having fun. I am grateful for the support of the board of the RCMB who are largely responsible for all of the organisation and administrative guidance for the running of the club. Our club is vibrant because of the willingness of it's members to take on these important roles.

The RCMB inducted five new members this year and currently has 30 active members and 15 honorary members. With committed focus and our inclusive, friendly and informal manner may we continue to attract new members and go from strength to strength in the years to come.

I wish Shanon Prum every success as the incoming President for the 2026/27 financial year and look forward to the fresh ideas he is bringing to the club. Thank you for your support over the last year and I look forward to fulfilling my role as Past/Vice President.

Andrew Scott
President 2025-26

TREASURER'S REPORT. David Gillies

1. This year we again exceeded the $150,000 Not for Profit GST exemption limit and therefore had to register for GST. We exceeded this limit for the previous year as well but there is some allowance for just 1 year or small amounts over. We have paid $20484 GST to the ATO for the 2-year period up to March 26.
2. The process of passing the RORP finances over to Gawler Light Rotary Club is almost complete (this will help reduce our total income).
3. Membership fees have been set at $200 for the 26-27 year. One consideration was the membership account does have a health balance.
4. We have appointed Troy Kennedy to review our accounts for 24-25 and 25-26 and as our TAX agent.
5. Community Grants budget in 25-26 will role over into the 26-27 year and be paid in July when the EFT forms are received.
6. I have updated the Australian Business Register, replacing Rod Cooper by myself, it may be prudent to have an additional member able to act on behalf of the club in this area.
7. Profit and Loss Statement and Balance Sheet for 2025-26 follow.

Dave Gillies
Treasurer 2025-26

COMMUNITY SERVICE. Ian Turner

It has been a very busy, but highly successful year for our Community Service Committee.
I have been blessed to head a vibrant group of willing volunteers, who have come to the forefront to handle the numerous requests for our services. Combined with willing volunteers from the club's other committees and membership groups whenever rosters have gone out, we have been able to service every reasonable request for our services.
It was no surprise to see Dave awarded the honour of being the club's 'Rotarian of the Year' at the club's handover meeting. He has certainly been the backbone of our Community Service program, our fundraising director, chief engineer, our 'go to' man for just about everything, plus being club Treasurer!
It was also nice to see Paul Harris Fellow awards presented to CS members Andy Scott (also our President for the last year) & Jack Cooper (away at the handover) – congratulations and well earned.
On the club's activity list for the past year, there have been over 100 events/activities attended. Included were 22 events that were direct 'Community Service' activities; assisting other community organisations &/or individuals. Included were 6 events where we worked in collaboration with the District Council on a 'costs only charging' basis.
The highlight service event was probably the 'Gunfire Breakfast' after the ANZAC Dawn Service, catering for a big crowd as it was a weekend event this year. Five of our committee were joined by 5 others from our club membership lists to provide an efficient & almost faultless service.
The year was not without disappointment, including having to cancel our annual Australia Day BBQ at Auchendarroch for health & safety reasons due to the extreme heat (47 degrees C). However, at that event, it was great to see our club members Dave, Justin & Jimiur nominated for Citizen of the Year awards, plus recognition for the Conquer the Summit event that we are well involved in. While no 'big gongs' were received, to be nominated is a huge credit to all.
Of course, our biggest role is our fundraising activities, mainly selling the 'best hot cinnamon donuts in the state', to raise the funds that enable our club to not only achieve a viable and vibrantly functioning club, but also and most importantly, to be able to make donations to needy community organisations and individuals through grants and sponsorships.
There were at least 25 actual fundraising days/events throughout the year, producing a record income of approximately $150K. The Adelaide Show's 9 days, plus the 10+ at the Lobethal Lights are the main events, and while costs are substantial (over 40%), it enables us to make meaningful positive contributions within our Mt Barker district community.
On the distribution of funds, it was great to be able to support 32 different events &/or individuals through sponsorship or direct grants. The highlight was our recent Grants Presentation meeting, where we were able to distribute $14,980 to 12 different grassroots community organisations in need of assistance. The downside of that was there was a record 30 applications, so 18 went unanswered due to the budgeted funds limit.
We extend our congratulations to Andy on an outstanding year as our President and now wish him and the new Board & President Shanon, all the best for the upcoming financial year.
I particularly wish to individually thank our CSC members, Dave, James, Stuart, Jack, John, Joe, Andy, Richard & Jennifer (who made the first step in some gender balance!) for their unwavering support throughout the past year. Welcome to our latest member, Sally, who joins our Community Service Committee, and to assist us in our endeavors to provide worthwhile contributions towards the successful functioning of our club in the year ahead.

Ian Turner
Director Community Service 2025-26

YOUTH SERVICE. Justin Hill

This year the Rotary Club of Mount Barker has sponsored many students to attend a number of youths leadership courses. We had Noah Rose and Amy Dospisil sponsored to attend RYLA, Amy Dospisil attending the National Leadership Forum in Canberra, Banjo Bubner and Charli Franklin attended the National Leadership Forum and Lucinda Tinsley-Smith attended the Youth Parliament.

This year the Rotary Club of Mount Barker working with Headspace has piloted a program called Gen Wise. This is a fortnightly program where 5 Rotarians met with young people who attend Headspace. This is a testament to the work that Rotary does with youth to support young people. We recognise that young people are the future leaders of this country and rotary has a commitment to continue to support them through programs like the Rotary Youth Leadership Awards.

This year we were involved with in an event called WHO We Are an event which the Mount Barker District Council put on to help primary aged students which Rotary was there working with the council. This shared common values of supporting youths through events like Who we are and Gen Wise.

I couldn't have done this role without the support of the Youth and International Committee. There support and encouragement of me has been greatly appreciated. I got to thank Ewen and Robyn Thompson, Peter Schaefer, Michael McDonald and Shannon Prum who I chaired this committee with.

Justin Hill
Director of Youth Service 2025-26

INTERNATIONAL SERVICE. Shanon Prum

This year has been an incredibly impactful and productive period for our Rotary International initiatives, defined by large-scale humanitarian logistics and a deeply rooted commitment to global community support. At the forefront of these efforts was a massive collection and reclamation project for Timor-Leste. We successfully gathered a substantial volume of essential goods, including more than 40 computers, toys, games, furniture, and building supplies. The project also required careful stewardship of community resources, ensuring that any playground components unsuitable for reuse were responsibly recycled.

Bringing this ambitious shipment to life required seamless operational coordination. We managed the complex logistics and container arrangements alongside Rotary Australia Repurposing Equipment (RARE) to ensure everything is organised for transit. In a fantastic milestone for regional collaboration, the final container shipment was handed over to the newly independent Rotary Overseas Recycled Playgrounds (RORP) group, serving as the flagship launch project for their organisation.

Beyond these large shipping operations, our international reach extended into sustainable community development and critical housing infrastructure. We partnered with Houses for Hope out of Regency Park, contributing vital donations to help build homes for families across Oceania. Additionally, financial support was directed to Dana Asia to help drive sustainable community development and economic empowerment in the region.

True to the core values of Rotary, we also maintained our dedication to long-term, life-changing individual sponsorships and medical aid. We proudly continued our ongoing support for Rachana, ensuring her education and future remain bright and secure in Cambodia. Alongside this educational sponsorship, we sustained our commitment to Rotary Oceania Medical Aid for Children (ROMAC), helping provide essential, life-saving medical treatment to children in patient need. Together, these diverse projects have made a profound, lasting difference on both a community and individual scale this year.

Shanon Prum
Director of International Service 2025-26

CLUB SERVICE. Karen Nolan

- Speakers. Our club has had some great speakers on the first and third weeks in the month . Most of the topics were well received by members and guests. Speaker program is full up until December 2026
- Michelle Berry made a request that she be informed if the morning tea held every fourth Monday morning ,would be at Auchendarroch or elsewhere. She also requested that we send through numbers. This information was sent to Chris Cleveland who is in charge of the monthly morning teas.
- An update on the progress of the clubs 60th anniversary was also given at the last Committee that we held at Robyn and Ewan's home in June where we welcomed Robyn who is stepping up as Club Admin Director for the new Rotary year. Preparations are going well .
- November 2026 we held another Honorary members afternoon tea which was well attended by Honorary members and partners and some members as well. This event has become a popular event that will continue into our coming year.
- Christmas themed last dinner meeting was held in December 2025. This was also a well attended event , albeit without any Christmas decorations due to a communication error. Representatives from Salvation Army - Mt Barker division , Mt Barker Uniting church and St Vincent de Paul - Mt Barker, attended and all gave a five minute talk on what they had accomplished in the past year with programs that they incorporated with donations that they had received from our club.
- Club Christmas party was a highlight and which was held once again at Penni and Rays home in December 2025. Lots of fun as per usual.
- Changeover 2026-2027. Karen liaised with Shannon Prum re what he would like our committee to do for his special day. Tea and coffee were our contributions to the afternoon tea held at Mt Barker library.
- At this stage I would like to thank the members of the Club Admin committee in supporting me since April 2026 Chris Cleveland , Penni Hamilton Taylor, Roz Lawson, Mel Lacumbra , Annie Smitz.

Karen Nolan
Director of Club Service. January to June 2026

MEMBERSHIP. Chris Cleveland

- Five new members joined this year, Robin and Ewen Thompson, Sally and Paul Willoughby and Jennifer Delima.
- Long term prominent member Peter Baur became an Honorary member after many years of dedication and hard work for the club.
- Penni Taylor activated "Rule of 85" in June 25.

Chris Cleveland
Membership Director 2025-26

The Year That Was

Mount Barker Rotary Club – June 2025 to June 2026

21st June 2025 – New President & Board

26th June 2025 – Drought Relief Hay Delivery – McHarg Creek
