

## **Historic Folsom Rotary Foundation Scholarship Criteria**

The Rotary Club of Historic Folsom and the Historic Folsom Rotary Foundation have developed - on an annual basis - a scholarship program. The scholarships are awarded based on recommendation by a counselor, teacher, administrator or other adult district employee. Any graduating student from a high school program located in Folsom can apply.

The scholarship targets students wishing to attend trade school programs - (but it's not limited to other accredited programs). Funds can be used for tuition, materials, books, supplies or other pertinent and related expenses.

1.

Applications are available on our website (<https://portal.clubrunner.ca/2006>) and must be submitted by April 15, 2026. They are also available at the counseling offices on the campuses of Vista del Lago and Folsom High schools.

2.

January graduates are eligible. The scholarship recipient form - including contact information gives representatives of Rotary Club of Historic Folsom permission to contact them for additional information.

3.

Applicants will receive scholarship funds from the Rotary Club of Historic Folsom. Funds are distributed directly to the school of choice once we receive documentation supporting proof of enrollment to the school, college or program of choice. (Exceptions can be made by contacting the designated youth chair for Rotary Club of Historic Folsom.) The school must be recognized as a valid or accredited program. Student must be enrolled in a minimum of 6 units or equivalent. Unclaimed funds will expire on March 1, 2027
