Attendance:	23 Members    2 Guest

## President Ken's Announcements

- A brief Board meeting is to be held at conclusion of this meeting.
- The Thrift Shop volunteers meeting brilliantly organised by Pam Trimmer last Thursday was very successful and Margaret Payne passed on her thanks for the flowers and recognition of 30 years of TS volunteering.
- Lachlan will fill in for Ken at the TS next Saturday.

## Guest Speaker: Colin Pitman Water Conservation

Chairman Stephen Baker introduced Colin who graduated with a Bachelor of Agriculture (Roseworthy), and is a qualified Structural and Civil Engineer from the USA. Most of his 37 working years have been spent in local government, including 22 years with the City of Salisbury where he has performed the roles of City Engineer and Director of City Projects. He has a long list of achievements with perhaps the most noteworthy being in storm water recycling for which he is recognised globally. He came to prominence with the Water Proofing Adelaide Plan, and our club was fortunate to pay a vocational visit to his Salisbury operations. Interests include the environment, farming, swimming, antiques, and vehicle restoration.

Colin informed that in 1989 Salisbury Council was the first council to store fresh, cleaned stormwater in the aquifers under supervision by the CSIRO, world leaders in storm water storage and recovery. During winter the water from streets and creeks is collected and cleaned through wet lands filtration, pumped into the aquifers and then pumped out for use in summer for schools, ovals, reserves and some residential areas. Salisbury has 71 wetlands, 2 control dams, 180kms of piping and 150 customers. In Mawson Lakes the stormwater is being combined with wastewater for irrigation. New schemes are being developed in eastern and western Adelaide with interlinkages. There is a specialised (non intrusive) directional boring process capable of laying 0.5km of piping each day with the bore able to penetrate vertically and horizontally.....up and down like a duck. A key component is the electronics system which

monitors supply and demand, aquifer pressures and other critical elements. One of their customers is Heyne's Nursery. Colin is currently advising on a scheme in the Rhone Valley France and in Port Lincoln, which is running out of water.

Colin was thanked by acclamation.

## Spots

**Patsy Beckett** assured everyone that the car trial scheduled for October 23 will be a smash hit. And the Terrific Tasmanian Trip in March will proceed with the 10 people already signed up.....more welcome. Deposits for air travel and accommodation are due shortly.

**Jerry Casburn** is circulating a volunteers' sheet for the next membership drive at Unley Shopping Centre 13-15 October. The attraction will be stitching sanitary pads for *Days for Girls*. Jerry feels it would be attractive for male members to do the machine work but has little understanding of the impact of having blood everywhere

## Sergeant's Session

**Sergeant Mavis Martin** organised Bob Mullins to draw Jerry's marble for the atrocious squares and JC was heard to ungratefully suggest 'about bloody time'. There was some confusion as to how Ken could sing in the Proms Variety Concert while looking after the Thrift Shop. Stephen expressed pleasure that his twin grandsons were turning 9 on Wednesday and was immediately trumped by Mavis who explained that her medical student grandson had saved a man who was having a seizure at the supermarket.....the mouth to mouth resuscitation did sound a tad extreme. Dennis was happy that the sun had appeared but failed to report rain was again on the way. And we are pleased that Richard is keeping fit for Mavis, and that Lindsay is growing his hair long like Samson.

The meeting closed at 7.44 pm.....like a speed machine!

## Thrift Shop Capers

Volunteers meeting last Thursday at Damien

Thrift Shop Chair  
Pam – a lot of mist  
in the room

Ken presenting  
PHF sapphire pin  
to Phyl Bohnsack

Margaret Payne and Sharon  
Tirrell congratulated by Ken for  
30 years of TS service

Men at Work

Jerry's son-in-law in  
action with JC supervising

Da Da

## Rotary News

### Sam Owori is selected to be 2018-19 Rotary president By Sallyann Price

9-Aug-2016

Samuel Frobisher Owori, a Ugandan businessman and a member of the Rotary Club of Kampala, will become president-nominee on 1 October.

The 2016-17 Nominating Committee for President of Rotary International has unanimously nominated Samuel Frobisher Owori, of the Rotary Club of Kampala, Uganda, to be the president of Rotary International in 2018-19. He will be declared the president-nominee on 1 October if no challenging candidates have been suggested.

Owori says he sees in Rotary "an incredible passion to make a difference." As president, he plans to "harness that enthusiasm and pride so that every project becomes the engine of peace and prosperity."

Owori's chief concerns as a Rotary leader are membership and extension. Since he served as district governor, the number of clubs in Uganda has swelled from nine to 89.

He urges past, present, and future leaders to work together to engage more women, youth program participants, alumni, and community members to increase Rotary's membership in the coming years.

"There are many places which need Rotary and numerous potential members who have never been invited," he says.

"The problem is Rotarians who got in and closed the doors."

Owori is chief executive officer of the Institute of Corporate Governance of Uganda. Before that, he was executive director of the African Development Bank, managing director of Uganda Commercial Bank Ltd., and director of Uganda Development Bank. He has studied law, employment relations, business management, corporate resources management, microfinance, and marketing at institutions in England, Japan, Switzerland, Tanzania, and the United States, including Harvard Business School.

Since becoming a member in 1978, Owori has served Rotary as regional Rotary Foundation coordinator, regional RI membership coordinator, RI Representative to the United Nations Environment Program and UN-Habitat, and RI director. He has been a member or chair of several committees, including the International PolioPlus Committee, the Drug Abuse Prevention Task Force, and the Audit Committee. Most recently, Owori served as trustee of The Rotary Foundation, chair of The Rotary Foundation's Finance Committee, and a member of the Investment Committee. Owori is a Benefactor of The Rotary Foundation, and he and his wife, Norah, are Major Donors and Paul Harris Fellows.

## Our Upcoming Meetings

Date	Venue	Time	Speaker/Occasion	Chairman	Set-up & Welcome	Sergeant	Attendance

**Next Date: Monday 29 August** Morning shift: 8.30am – 12.30pm Afternoon shift: 12.30 – 5pm

# The Back Page

## THE DREADED PHONE CALL FROM THE GOLF COURSE

My boss phoned me today. He said "Is everything OK at the office?"

I said "It is all under control. It's been a very busy day. I haven't stopped to take a break all day."

"Can you do me a favor?" he asked.

I said "Of course, what is it?"

"Pick up the pace a little. I'm in the foursome behind you."

## DONALD DUCK

**Hilary Clinton decided to send Donald Trump a letter to let him know she felt about him.**

**Trump opened the letter and it appeared to contain a single line coded message:**

**370HSSV 0773H**

**Trump was baffled, so he e-mailed it to Vanessa Trump and his children.**

**Vanessa Trump and the children had no clue either, so they sent it to the FBI.**

**No one could solve it at FBI, CIA or NASA.**

**They eventually asked Britain's MI6 for help. Within minutes, MI6 cabled this reply: "Tell Mr Trump that he is holding the message upside down."**

Please do not twist your neck!

## TRUISMS . . . .

1. If I had a dollar for every girl that found me unattractive, they'd eventually find me attractive.
2. I find it ironic that the colours red, white, and blue stand for freedom, until they're flashing behind you.
3. Today a man knocked on my door and asked for a small donation towards the local swimming pool, so I gave him a glass of water.
4. I changed my password to "incorrect" so whenever I forget it the computer will say, "Your password is incorrect."
5. Artificial intelligence is no match for natural stupidity.
6. I'm great at multi-tasking--I can waste time, be unproductive, and procrastinate all at once.
7. If you can smile when things go wrong, you have someone in mind to blame.
8. Never tell your problems to anyone, because 20 percent don't care and the other 80 percent are glad you have them.
9. Doesn't expecting the unexpected mean that the unexpected is actually expected?
10. Take my advice — I'm not using it.
