**President Joan** introduced **Gary Eberle**, owner of [Eberle Winery](#) and official beverage supplier today.

Gary grew up in a small town in Pennsylvania and went to Penn State on a football scholarship. After graduating with a Bachelor's of Science in biology, he attended Louisiana State University (LSU) where he continued his graduate work studying cellular genetics. While attending LSU, Gary developed an appreciation for wine and changed his academic path to become a winemaker. He traveled west to California to study enology at U.C. Davis where he received a degree in Enology in 1971 and then headed south to Paso Robles in 1973.

Gary launched his career as a winemaker and as the "Pioneer" of Paso Robles Wine Region by helping to establish his family's Estrella River Winery & Vineyards. In the late 70's, he decided to pursue his own project and acquired nearly 64 acres just down the road from Estrella River Winery. Shortly thereafter, Gary released his first Eberle wine, the 1979 Cabernet Sauvignon debuting the iconic boar logo, depicting the German origin of the name Eberle, meaning "small boar."

By 1984 the Eberle Winery production facility and tasting room were open for business and in 1994 Gary expanded underground, building the first wine caves in Paso Robles. Now, over 30 years later, Gary Eberle still greets guests daily with complimentary wine tastings, public tours of the production facility and 16,000 square feet of underground caves.

Thanks Gary for a very informative and entertaining talk. And many thanks for providing the wine!!!
