PRESENTATION: BRINGING MEDICAL CARE TO CAMBRIA

Janet Meyers introduced our speakers, **Dr. Laurie Moyer-Mileur**, a Registered Dietician and research professor at [University of Utah School of Medicine](#) and **Barbara Bronson Gray**, Vice President of [Cambria Community Healthcare District](#), registered nurse and managing editor at [WebMd](#), among other accomplishments.

Laurie began by telling us that she is legally blind (then proceeded in telling a few blind jokes (we need this lady in Rotary) and was recently approved for a guide dog. She explained that the process of getting medical care to Cambria was a 6-step process:

#1 Define the need: It was determined that Cambria, San Simeon and the surrounding area are medically underserved. For our population of 7500 people 4-6 full-time caregivers are needed. 80% of respondents to a survey on healthcare said more options are needed.

#2 Options Available to Meet Needs: When the [Community Health Center](#) was approached about providing more medical personnel, the result was actually a decrease of 2 doctors. **Dr. Gong** only works 4 days a week and **Dr. Dave Griffith** provides house call services only for severely ill, immobile patients. So we reached out to [Tenet](#) and [Dignity Health](#).

#3 Infrastructure: Tenet agreed to provide services but needed space. First Physicians Partners signed a lease with John & Renee Linn for the full downstairs portion of the medical building on Main St. (see photo below). Permits have been pulled and a September opening is planned.

#4 Expect Resistance: Barbara told us they were surprised when they met with resistance, saying "what doesn't kill you makes you stronger". She told us of someone who actually contacted [First Physicians Partners](#) urging them not to come to Cambria.

#5 Expect Problems: The original site selected for a medical facility was the old Heritage Oaks building but that did not work out. After signing the Lease with the Linn's, the permit process was held up due to a new computer system slowing down the process.

#6 Communication: It is important to keep everyone up to date, listen to their stories and focus on the end zone. The new facility will have a full time doctor plus staff, will have extended hours and Saturday hours to accommodate working people. There has recently been interest in setting up an Urgent Care facility here also.

Thanks to both Laurie and Barbara for this interesting and important presentation and for all the work they have done to bring healthcare to Cambria.

ROTARY CLUB OF CAMBRIA FOUNDATION

The Rotary Club of Cambria Foundation, Inc. (our Foundation) is a qualified 501(c)(3) entity that has established a permanent endowment fund, the goal of which is to ultimately generate income sufficient to ease the pressure of fundraising.

Our Foundation receives the proceeds of fundraisers (e.g. VIVA, Chili Cook-Off Beer Booth, 4th of July Smoothie Booth) and allocates those proceeds by formula among the Rotary Club Of Cambria (our Club) Avenues of Service and the permanent endowment fund. Some of the income generated by the endowment is also allocated to the Club Avenues of Service.

Note that our Club member's annual dues are remitted to Rotary International and our District 5240 for dues, and that our Club member's annual pledges are used for the operating expenses of our Club. Neither your dues nor your pledge go through or to our Foundation.

Note also that our Foundation is separate from TRF (The Rotary Foundation), which was established by Rotary International and is involved in worldwide projects such as the eradication of polio.

MAKING A DIFFERENCE OPPORTUNITIES

Join one of the Avenues of Service: In order to make our club **THE BEST ROTARY CLUB IN THE WORLD**, every member needs to consider helping in at least one **Avenue of Service** either by becoming an active committee member or volunteering to help with individual projects:

- ⇒ **Club Service:** focuses on making clubs strong. A thriving club is anchored by strong relationships and an active membership development plan.
- ⇒ **International Service:** encompasses efforts to expand Rotary's humanitarian reach around the world and to promote world understanding and peace. It includes everything from contributing to Polio Plus to helping Rotary Youth Exchange students adjust to their host countries.
- ⇒ **Vocational Service:** involves Club members serving others through their professions and aspiring to high ethical standards. Rotarians, as business leaders, share skills and expertise through their vocations, and they inspire others in the process.
- ⇒ **Community Service:** is the opportunity Rotary clubs have to implement club projects and activities that improve life in the local community.
- ⇒ **Youth Service:** allows Rotary to directly support our local high school, middle school and grammar school through scholarships, Interact Club support, STEM support, RYLA, Buy a Child a Book and other projects.

Work for a cause, not for applause. Live life to express, not to impress. Don't strive to make your presence noticed, just make your absence felt
