Quiz:

President Sharon asked what we could use to open an oyster if we didn't have the proper culinary tool?

Answer: A beer can opener. *Who knew!*

Speaker:

Sue Robinson introduced speaker Dennis Frahmman, who made a presentation highlighting the innovations of October's upcoming Scarecrow Festival. Dennis's background is in journalism and marketing. He has a Master's degree in Journalism from Columbia University and is the author of three books, including his latest *Devil's Analyst*.

For 2016, the committee has added more prize categories and cash prizes. There was a successful adult workshop and a student workshop is scheduled for July 30. It will include many youth groups such as Boy Scouts, CYAA, etc. The Kick-off event will be enhanced and a VIP Sunset Tour and dinner will be added to the opening weekend.

The Scarecrow Awards Ceremony and a Taste of the Coast event will be held October 1 at the Vet's Hall. Dennis said the Rotary Club could contribute to the project by creating their own entry for the Scarecrow Festival, encourage the Interact Club to participate, and promoting the Festival events as volunteers or attendees.

There is also a Friends program that will support the Festival financially. Information about the Friends program and all the new Festival information will be posted on the Cambria Scarecrow Festival website cambriascarecrows.com. (right click and click on "open hyperlink")

Thanks Dennis! The Scarecrow Festival certainly results in many visitors who support the local businesses.

Can't make it to our Friday meeting? Want a large salad instead of the regular meal?
