MEET NEW FRIENDS

cultural experiences

RANZSE offers an adventure in experiencing life and schooling for a term in New Zealand.

Australian students aged 14-16 have the opportunity to stay with a New Zealand host family and attend school with a NZ student who will then come to live and study with them in Australia during the following term.

RYEA

Interested in travelling and experiencing a new culture? Through Rotary Youth Exchange Australia, you will spend a year studying abroad living with Rotary volunteer host families who will introduce you to a new culture, language, and lifestyle in one of over 12 countries.

NYSF

is for students passionate about science, National Youth Science Forum gives an opportunity to visit a large variety of some of Australia's leading scientific facilities and talk to many of our top scientists enabling informed career choices to be made.

RYPEN provides a group of young people aged 14-17 an opportunity to develop valuable leadership skills. This weekend program will see you engage with likeminded people, while having fun and learning new skills in areas such as problem solving and public speaking. On top of learning these skills, RYPEN will give you a chance to put them to practical use, through debate and physical activity.

Science Experience

The ConocoPhillips Science Experience is a fun 3 or 4 days of science activities for Year 9 and 10 students who are interested in science. Participants perform experiments in the laboratories, meet and hear senior lecturers in the lecture theatres, attend site visits and walk around and experience what it is like to be on the campus of a university or tertiary institution.

Interact

Be part of a club for young people like you who want to join together to tackle issues in your community that you care most about. Through Interact, you can carry out hands-on service projects, make international connections, develop leadership skills, and Have Fun!
