

District Governor Club Functions Guidelines 2019 - 2020

Over the course of the Rotary Year, the District Governor (DG) plans on connecting with each club (Rotary, Rotaract, Interact and Satellite) at least once. And if time and scheduling permits, up to 50% of the clubs twice.

Functions

The DG's preference, in order of priority, is as follows:

1. Participate (hands-on) in club community service project.
2. Participate (hands-on) in club fundraising event.
3. Attend club function – Foundation Dinner, special event, etc.
4. Attend a club social event.
5. Attend club meeting – as program (on topic of interest to club); or participate in the presentation of awards, PHF's, etc.

Clubs are asked to inform the DG and their Assistant Governor (AG) as details become available for any of the above, for them to consider attending. The DG will endeavour to RSVP within a week of being notified. Scheduling will be on a first come first served basis for initial club invitations.

Please note, if a club so chooses, the DG can arrange to be available to meet with the Board prior to or after the function, or at another time.

Also, time permitting, a tour of club projects prior to or after the function, would be appreciated.

Accommodation

The DG will advise the club if any assistance is required to arrange accommodations.

Gifts

Some clubs have adopted a tradition of "gifting" the DG with some item of local significance. This is certainly not necessary. If a gift is to be given, the preference is for it to be in the form of a contribution to The Rotary Foundation or a Club Project.
