

Rotary Club Preliminary Consultation Information

How to complete this document

- This document needs to be completed this can be emailed out to your team (so each person can add to it and pass it on). We suggest it goes to President, President Elect, Membership Chair President Nominee, (about 5 people)
 - Our goal is to keep it simple (but effective)
- You don't have to 'drive the organising' this could be President Elect or Membership Chair – or someone else you think would work
- Then there is a 1 hour meeting with your team and membership team to nut out the goals
- Within 6 weeks a 2nd meeting (1 hour) to tie down goals and set actions (again the actions generally would not be for the President – but to who appropriate person might be)
- Then the time – frame for the next meeting depends on what actions you set (so somewhere between 1 month to 2 months I am guessing)
- Then in the next 6 – 12 months we would catch up with the team probably again once every 1 to 2 months for an hour.
- As you fill in information the size of the text box will expand.

Club review

What are your club's strengths?

Why do you believe people join Rotary?

Why do they stay in Rotary?

Describe what the ideal new member for your club might be like / age / gender / demographic / occupation etc

If there was just one thing you could change in your club to make it more effective what would that be?

What do you believe your key Rotary club's needs are?

Where do you want your club to be in 12 months? 3 years?

List 5 things you are tolerating or putting up with at present (examples: club plateau, no-one to take on leadership roles, poor meetings, club dissatisfaction, club politics etc.)

What 'habits', activities do you believe need to be dropped, simplified or let go of in order to truly move forward quickly?

Has your club completed the District 9820 Club Visioning process?

Do you have a membership plan?

Yes

No

What are somethings you think would be helpful for us to understand about your club?

How would someone find your club?
