

Dear Rotarians and friends of Rotary,

As most of you know on 30th of October, Izmir was hit by a 7.0 destructive earthquake. 105 people died and 1027 people are injured. Over 50 high rise apartment buildings have totally collapsed . 243 building are severely damaged and will be evacuated. Since the first earthquake 1508 earthquakes happened and 44 of this earthquakes are over 4.0.

As people of action District 2440 set up a Rotary tent city (photos attached) consisting of 100 fully equipped tents as of last night in an area designated by the Izmir Metropolitan Municipality. However, we still need to get more tents (\$1000/per tent for 4 people) for people whose buildings are evacuated. We need to set up a mobile laundry facility with washing machines and dryers, portable toilets and showers. The children in the tent city need tablets and internet to continue their education online. Winter is almost here and these people need warm clothes.

Due to the emergency of the situation and COVID 19 we are trying to make all the purchases locally. So instead of in kind donations we prefer cash donations.

If you would like to give a helping hand to us in meeting the needs of people of Izmir affected by earthquake please contact us.

The bank account information is as follows:

US \$ Account

ACCOUNT NAME: Rotary 2440. Bölge Federasyonu
BANK NAME : Yapı Kredi Bankası A.Ş. - Izmir Branch
