

Please join us to learn how YOU can help fight addiction in your community.

Tuesday, May 29th 6pm – 9pm
The Price Center
27 Christina Street
Newton, MA 02461

To Register, Visit Rotary7910.org

Objectives of the Seminar

- Learn about the driving forces of addiction, and how to raise awareness and initiate change that will effectively work to reduce rates of addiction.
- Collaborate with other community members and professionals on how to prevent addiction.
- Find out how to replicate this seminar in your own community.

Rotary understands that addiction, like polio, is a preventable global disease. Rotarians in clubs across the country are mobilizing to bring solutions to the epidemic. This program is the launch of a new initiative to unite Rotary Clubs, the community, the public health sector and drug prevention specialists to raise awareness about what perpetuates addiction and about ways to be part of the solution.

The short, interactive seminar has been designed for easy replication and scalability for Rotary Clubs, individuals, and community organizations across the country to deliver in their communities and regions.

This program is designed for anyone in the community who is interested in taking action to reduce drug use and addiction.

This program is hosted by the Rotary Club of Newton.
