MEDICAL STATEMENT

Please tick the boxes beside the appropriate paragraph(s) below.

☐ I certify that my child does not, to the best of my knowledge, suffer from any medical condition, illness or disabilities, which might predispose my child to a potential risk leading to a medical emergency.

OR

☐ I give notice that my child may require medical attention or medication for the following reasons (as described below) but he/she is currently of stable health.

AND

☐ I give permission for an ambulance to be called in case of a medical emergency affecting my child and agree to pay all costs incurred, if required.

My child is vaccinated against Covid 19 Yes / No

PRESCRIBED & NON PRESCRIPTION MEDICATION:	
DOSAGE:	
DIETARY CONCERNS: Provide details of any requirements.	
TREATMENT: Describe any actions required if allergic reactions occur.	

Please note that any participant found with illicit drugs, alcohol or tobacco products on camp or behaving inappropriately will be immediately removed from camp and parents will be contacted to collect their child from the camp site.

I, as legal guardian of the named child declare that I have read the letter of invitation and give my consent to my child's participation in all activities and travel related to the Rotary Health of the River Forum organised by Rotary District 9510 Calperum and the Environment Committee.	PARENT/GUARDIAN'S SIGNATURE DATE:
I give permission for photographs to be taken at the Forum, and then used, without identification, on the Forum's website, Facebook page or on other promotional material prepared by Rotary or the ALT Calperum Station website.	PARENT/GUARDIAN'S SIGNATURE DATE:

Please forward this form, with the Nomination Form to your local Rotary club. All forms, including a one page "Expression of Interest" statement by the student, must be sent to your sponsoring Rotary Club and after club endorsement, copies are to be sent to the Coordinator, Jenny Phillips, via email to healthoftheriverd9510@gmail.com

ROTARY 'HEALTH OF THE RIVER' FORUM 2022

Monday 27th June — Friday 1st July, 2022

**CALPERUM STATION
Renmark, South Australia**

WHERE SCIENCE, THE ENVIRONMENT & COMMUNITY COMBINE

Rotary Youth Forum - Health of the River

The 2022 Health of the River Forum will be held at Calperum Station, Renmark from 27th June to 1st July, 2022. The forum is for Yr. 9 and 10 students interested in science, protecting the environment and natural resource management. It provides hands on learning and mentoring from specialist ecologists on a working conservation and research property. Supported by Rotary Clubs, the program provides transport, accommodation, meals, a wonderful learning experience and lifelong memories.

Calperum Station

Calperum Station covers approximately 240,000 hectares and extends from Mallee country to the banks of the Murray River. An internationally significant wetland system, Calperum is home to several rare and threatened species and makes up approximately one third of the Riverland Ramsar site. Managed by a team of ecologists and Aboriginal rangers, Calperum hosts several significant scientific studies and environmental projects, and is regularly visited by research teams, schools and international students.

Rotary Youth Forum - Health of the River

Field Study Programme

Students will rotate through diverse and interesting activities during the Forum. They will work alongside Calperum Ecologists and Rangers learning about and participating in environmental research and management projects. These may include:

- Black box tree health surveys
- Small mammal and reptile trapping
- Wetland degradation and restoration
- Cultural and environmental walks
- A regional tour of significant 'river related' places of interest
- Water quality and irrigation practices
- Understanding the Murray Darling River System

Skills and Knowledge

Throughout the week participants will be exposed to challenges and scenarios which help develop a range of skills essential for not only science work, but also everyday life. These include:

- Team work
- Analytical thinking
- Scientific research methodology
- Data collection

Programme Inclusions

Whilst at the Forum, students will be surrounded by nature, and all they need to do is make the most of the opportunity to become involved in protecting our magnificent river environment.

We cover the rest, including:

- Transport to and from Calperum station
- Comfortable dormitory style accommodation
- All meals, beverages and snacks

‘Health of the River’ Forum - A Rotary District 9510 Programme

To be part of the *Health of the River Forum in 2022* go to the Rotary District 9510 website (after March 28 when applications open) for application forms and contact your nearest Rotary Club for funding support.

At a cost of \$590 all-inclusive for this five day experience (sponsored by a local Rotary Club) you will enjoy a special programme that will engage you in sound activities and extend your knowledge and skills in environmental issues and management.
