

Loveland Satellite Projects from July 1, 2022 – June 30, 2023

- Helped by paying for 1 week of housing for a family at Christmas through the House of Neighborly Service - Family Promise Program of Larimer County.
- Collected and purchased items to fill 2 more baskets for foster youth moving into their first apartment. Matthews House distributes these.
- Purchased Large duck to assist Main club.
- Donated 30 duffle bags to youth in foster care. Gwen worked with Scheels to get a great price on the bags and Scheels paid for the shipping.
- Helped Foster and Adoptive Families get a grant to purchase 270 more duffle bags through Scheels for youth in the foster system. (This will be a total of 300 bags which should be one for every youth currently in the Larimer County foster system.)
- Helped Matthew's house with their need for 2 bikes for youth who needed them to get to work. Joann & Rich donated the bikes and Chris (Brenda's husband) made sure they were in top shape and donated 2 bike locks to go with the bikes. One of the recipients was on the phone with Matthew's house staff at the time of delivery and asked to speak to our Satellite member. He was so grateful!!! (Below is a photo of this youth with his "new" bike.)
- Donated 20 \$25 gift cards to Truscott Elementary school in Loveland for teachers to purchase items needed for the end of the school year. Molly, who dropped them off, said the school was delighted to get them and this would be a great surprise and help to the teachers.

Foster youth with one of the bikes we donated. This is the youth that spoke with us on the phone, expressing his gratitude.

Housing of family that we helped by paying for 1 week at HNS – Family Promises.
