

Spring has sprung in the Sierras

Tahoe Douglas Rotary kicked off March 2025 by joining our local Chamber of Commerce for lunch at The Landing in South Lake Tahoe on Friday March 7. It was a great opportunity to let other Chamber members know what Rotary is all about!

The following week, we were treated to a tour of the Legislature and Capital building by our own Assemblyman Ken Gray.

We enjoyed hearing the colorful stories of our state's history followed by a delicious meal at Lupo's.

The following week brought our traditional Green Eggs & Ham event at Zephyr Cove Middle School where students were treated to that delectable breakfast while listening to Dr. Seuss read by our own Douglas County Firefighters.

The following Friday at our Bally's lunch meeting, we learned about JT Chevallier's company, Eco-Clean, and the clever robotic way to clean up Tahoe's beaches.

Next, we learned about the exciting events ahead for Valhalla (including our District Foundation Dinner coming up in June) from the assistant Executive Director.

April began with a heartwarming and educational update on how the Tahoe Basin handles the needs of neglected and

homeless pets by CEO Stephanie Nistler and Community Engagement Director Erin Ellis of the Humane Society of Truckee. Volunteers are always needed!

Thursday evening, April 10th, Kim & Greg Felton opened Tahoe's Curling Club to a ragged bunch of TDRC novices for the most epic curling experience ever! Party On!

Happy Easter!

We returned from our Easter celebrations to an inspiring discussion by Tahoe Chamber CEO Christi Creegan and our beloved Jessica Grime about how Chamber & Rotary together build good business and good community member.
