Harris

The Four-Way Test

Is it the truth?
Is it fair to all concerned?
Will it build goodwill and
better friendships?
Will it be beneficial to all
concerned?

Rotary International

Rotary is an international service organization that brings together professionals from different backgrounds to do good for others. It fosters international understanding by connecting people and building bridges across countries. The projects of Rotary Clubs around the world address global challenges both on a local and international level, engaging for example in the areas of peace, health, sanitation, education, and environment.

Our Club

Our E-Satellite Club aims at building a global network of young professionals. We are willing to learn from each other, make new friends, and work together on global and local projects. The club has only recently been chartered and brings together former Rotary Exchange Students and Rotary enthusiasts. As an international club we welcome members from all countries and regions between the ages of 18 and 45.

Our Goals

Being right at start of our journey, we are still identifying specific projects we would like to start working on. However, we will predominantly focus on the following areas:

- o Work together on global and local projects
- o Increase kindness, goodwill and cultural understanding
- o Create opportunities to connect globally

We would be glad to have you on board to help us build our projects and achieve our goals.

So, why don't you join us in doing some good?
